Comments I was the artillery FO for A/4/3 70-71. First patrols were around FB San Juan Hill west of Duc Pho. From there we flew up to Quang Tri and

participated in
Lam Son 719. We
flew into Khe
Sanh and got
chewed up on the
high ridges north
and east of Khe
Sanh. I spent
some time around
FBs Shepard and
Vandergriff
overlooking QL 9.
From Lam Son
we flew into a
new FB whose
name escapes
me now. I didn't
stay there long as
my replacement
got to the field
and I rotated back
to LZ Fat City just
north of Chu Lai. I
finished my time
in country and
departed Fat City
for the real world.
I am thankful that
I wasn't injured
physically nor
mentally despite
heavy action up
on a nameless
sharp ridge where
the company was
ambushed. My
salute is extended
to all of y'all with
whom I served
and my prayers
are extended to
the families of the
loved ones that

were KIA and
WIA in RVN.

Name	Gene AKA Goose Tatum	Christmas has gone and passed but it always brings back fond memories of my first night in country. We sailed into a port at Qui Nhon on the USS General Gordon. As we were leaving the ship we were handed live ammo for our weapons. That's when I realized this was the real deal. We loaded on 2 1/2 ton trucks headed to a place called Duc Pho. We were told to dig in for that night and build protection the best we could for we would probably get

Comments I enjoyed seeing the photos of San Juan Hill. I flew to San Jaun Hill many times in 1971 with the 116th AHC and remember two memorable trips. The first was a resupply mission - my UH-1 was so over-loaded we could not climb after taking off. So, we more or less took a dive off the top of San Juan Hill until we had enough air speed to climb. This was probably very scary to my passengers. Now that I'm 65 and not 24, I would have enough sense to offload enough weight to simply climb away from the pad. But at the time it seemed to make senses. The other mission I remember was when we gave a lieutenant his final ride back to Chu Lai from San Juan

Hill after his year in Viet Nam was over. We took off and circled around the hill twice so he could wave goodbye to his platoon. This was sometime in the summer of 1971 and I did not know his name. One of the men in his platoon asked me to do this for him and I was glad to oblige.

I'm looking for Michel Carrigg. We took basic training at Ft Benning and we both trained at Schofield. We fought side by side together in Nam and became best of friends. Any one out there

CommentsDoes anyone
have any contacts
with former
members of B
Company? I am a
former Co. of A
Company (68-69)
and a woman in
my American
Legion Post is
inquiring about
anyone who may
have known Pfc
Richard Alan
Wiler who was in
B Co. She has
been given a
bunch of dog tags
which she is

returning to soldiers or to next of kin and one of the tags belonged to Wiler. Wiler died in 2004 and the dog tag (found in Vietnam) is being returned to Wiler's son Jeff in Wilmington, NC. The woman, Sue Quinn, wants to find anyone who served in B co. with Wiler who could contact the son with any information about his father. The information I have about Wiler indicates that he was an RTO with B. co. and was awarded a Purple Heart. He was discharged at Ft. Irwin, Ca on 1 May 70 from USAG, 6th Army which I would assume was the station he was assigned to after returning to CONUS. His service with B. co. was 23 Aug 68 to 22 Aug 69. I would appreciate any information I could pass along.

Comments Flying into DC on June 14th with an old high school friend that was With the 1st Cav when they went into Cambodia in 1970. We are meeting other 1st Cav guys at the Wall on the 15th. It will be good to see it for the first time with other Nam Vets. Got to get this one off the bucket list while we can still enjoy it. Don't want to be wheeled up to it in a wheelchair like a lot of the WWII guys. Want to be able to enjoy all the sites while we are able to appreciate them.

Got a few friends on that Wall that meant a lot to me and helped me make it home so it is time to pay my respect for all they did. Hope you all get the same chance someday.

CommentsHi, I have been surfing your web site and love reading the contents and looking at lots of pictures of you and your mates while serving in Vietnam. I would like to say thank you for all the great work you and your mates did back then in

my old country of Viet Nam. Although I wasn't born when you guys were in Duc Pho but my grandparents fishing village was 7 km from there. During some of the toughest fighting, they had to relocate their family to Khanh Hoa, just outside of Nha Trang, for a few years and here I was born. We left VN in the early 80s as boat refugees and settled in Australia. I have always heard so much about the war years. My step dad was a captain in the South Vietnamese Army and had served just under 10 years in the re-education/concentration camp of communist Vietnam, immediately after the fall of Saigon, he was caught in the South and sent to the North bordering China to be re-educated according to them. My Grandparents village is called Khanh Bac (near Nui/mount Cua I think). We went back there a few times

6/11th B battery hit the LZ April 13,69 and started the daunting task of building an LZ. All of us struggled in the summer. I remember being pinned down from two Russian made 51 caliber machine guns. We were unable to get resupplied and had ran out of water, very low on ammo. The 15th of August I was observing two helicopters that had left San Juan to try and find the locations of the 51's on the south and north side of the LZ. About 10:30 a.m. the chopper on the south side of the hill was hit and started to auto rotate to the ground. However, it exploded before reaching the ground. Six men of the 4/3rd and three chopper personnel were gone. Even after the years I see the event many times over and it was a shame we

had to lose those brave men from your unit. I also recall a platoon walking of San Juan Hill near the mess hall. About three guy's had negotiated the wire and were waiting for the last two or three guy's to cross

Comments I was in Alpha Company 4th Bn 3rd Infantry 11th Bde from Jan 1 to April 13, 1971. Dave "Jane" Moran was our 60 gunner. I was at the NVA ambush on Feb 12. I was in second squad working as a RTO. My nickname was "sunshine." at the time when Dave and Steve were hit, I volunteered to carry 60 ammo to the front. When I arrived to the front, the 60 there was inoperable. The firing subsided about this time. I could still not see David, Steve, or the LT. It was only, later that I found out about them being KIA. It was a cloudy morning

on Feb 12. I would like to communicate with anyone who was there on Feb 12.

I did a return trip to 'Nam in July 1995. Went over the same way I went the first time, alone! Couldn't put a price on the value of the return trip. I remember many of the names from the guest book. Comments I served with A Co. 4th Bat. 3rd Inf. from 1966 to September 1967 at Schofield Barracks, Hawaii. I was in the weapons squad, M-60 under Sgt. Larry Hinahosa (retired) and Sgt. Arbriol. I left Schofield on August 28, 1967 having served my two year commitment to our country. I got to come home while my buddies ended up going to Vietnam in December of that year (something that has played on my mind for years). Although I did not serve in Vietnam (by the luck of the draw) I have always felt a close kindred to Company A and all the fine men

that I trained with that did serve there. I am proud of my service to our country, my service in Company A, and even more proud to be associated with in some small way, all of you. I was happy to have found this wonderful website dedicated to what I consider a group of real Americans heroes. Thank you.

Thanks for showing us girls then and now that our mission--- to add a touch of home in that combat zone--did make a positive difference then and now. You protected us on the ground and in the air, and we were honored to wear the Southern Cross on our uniforms too. You will

always be in our hearts and our memories as our brothers. So many memories of Duc Pho, San Juan Hill...all the LZs and firebases in those remote places. I treasure my "Old Guard" pin that was given to me in the field. Thanks too for the special welcome in JAX at the Americal Reunion in 2008.

Comments For My fellow Brothers. If you have a child you haven't talked to for years, try to find them. I haven't seen my daughter for 36 years. Kitty Millard got me in touch with her. You have no idea the weight lifted off me, not knowing where she was or how she was doing. Ole Snuffy is in a world of his own now. Seeing the pictures of her and talking to her is something else.

Thank You Kitty
from the bottom of
old Snuffy's heart.
There is only one
Reunion I'm
looking forward to
now, you guessed
it. I'm doing my
research now.

I predicted ambush minutes before it happened Gunnery Sgt Chase was the commanding NCO of 25 man USMC unit occupying Hill218 with an Integrated observation device Semper Fi ps I also remember getting US ARMY helicopters when USMC would not fly due to weather. Comments Like Joan McKniff, I was Donut Dolly, but later -and was with Americal Apr-Oct '69. Some of my best memories of a memorable year were visiting my favorite brigade (11th) and favorite units (4/3 and Scout Dogs). I remained friends with a man in each of those for a number of years, and just developed contact with the daughter of one. I have so many memories of Duc Pho, San Juan Hill, etc. - Thanks for this great site with such a variety of pictures to stir even more memories!

It was a disappointment when the 196th left our area for Chu Lai. There is a picture of me standing at the back of one of the planes which carried the men from Tay Ninh/ Cu Chi area to Chu Lai on this website. What a beautiful web site you have created. Thank you to all of the men and wives for the memories! We think of these memories to this day. Fondly and warmest wishes, Chris

Comments I have always been proud of my Dad John Miller who was in the Americal Div 3/4 11th from 9/67-9/68. I was born 9 months later. So I am very glad he came back home. He never talked very much about his time there and after reading this site I understand why. It breaks my heart that he went through what he did at the same age as my oldest son is now. The

reunions have been really a blessing for him and hopefully one of these days I can come with him and meet some of you personally. What I really want to say is Thank You and that all of you are my heroes now also. God Bless you all PROUD DAUGHTER OF A VIETNAM VETERAN JOHN MILLER'S DAUGHTER

Comments David I want to thank everyone that has helped put this site together and not to forget Miss Kitty!! I have not talked much about Nam in 38 years and have since talked some of the guys, that watched each others back including mine. I came home , because of them and will never forget. A little difficult at first to talk to them ,but after hanging up with each one , I wanted to call them back and just say I will never forget them and we all will always be brothers. I came home in the spring of 1971 after the battle Lam Son 719 .I found out a couple weeks ago that Vernon Hart was killed several

months after I came home and what I have found out there is no family to call. We were in an ambush on the rock pile Lam Son 719 --- several guys lost their lives there , Vernon was beside me laying down machine gun fire as I called in fire suport. He was one of the first guys I remember to charge ahead to help secure the perimeter beside me. I just cannot let this guy fade away without someone in his family, if there is any, to know about
